Dear Researchers,

2017 4th International Conference on Electrical Engineering, Computer Science and Informatics (EECSI 2017) will be held on September 19-21, 2017 in Yogyakarta, Indonesia. This conference is hosted by Universitas Ahmad Dahlan and is jointly organized with Universitas Gadjah Mada, Universitas Diponegoro, Universitas Sriwijaya, Universitas Islam Sultan Agung, Universitas Muhammadiyah Malang, Universitas Budi Luhur and IAES Indonesia. The Conference is aimed to bring researchers, academicians, scientists, students, engineers and practitioners together to participate and present their latest research finding, developments and applications related to the various aspects of electrical, electronics, power electronics, instrumentation, control, robotics, computer & telecommunication engineering, signal, image & video processing, soft computing, computer science and informatics.

The EECSI 2017 has been approved by IEEE for Technical co-sponsorship with conference record number #41583

Dear Dr. Bambang Purwahyudi,

It is my great pleasure to inform you that your paper is accepted and will be published on the International Journal of Electrical and Computer Engineering (IJECE), a Scopus indexed journal. Congratulations!

This journal is an OPEN ACCESS. Why publish open access? IAES open access authors benefit from: Quality, established and reputable journal, reaching key audiences' with 5 million users per month, high citations, etc.

Benefits of the OPEN ACCESS policy:

- Researchers as authors: immediate visibility for research output and thus increased visibility and usage of their results. Open Access may even lead to an increase of impact.
- Researchers looking for information: access to literature everywhere, not only from a campus but also from any site with wifi access.
- Funding agencies: increased return on investment (ROI), increased visibility.
- Universities & research institutes: greater visibility, clearer management information.
- Libraries: increased access for target audience, financially a more attractive model than the current subscription model.
- Teachers & students: unrestricted access to material, enriched education, allowing equality of learning in poor as well as in rich nations.
- Science: enhanced and accelerated research cycle.
- Citizens & society: access to knowledge / access to the results of publicly funded research.
- Enterprises: access to critical information.
- Publishers: transparent business model, ultimate online article distribution, ultimate visibility for articles.

So, Open access fee is paid by the authors, or on their behalf to support the cost of wide open access dissemination of research results, to pay deposit to CrossRef in order to each published articles has a Digital Object Identifier (DOI), to manage the various costs associated with handling and editing of the submitted manuscripts, and the Journal management and publication in general.

Each accepted paper will be charged (based on first author and first institution): USD 225 (~IDR 2,900,000.00)  
This charge is for the first 8 pages, and if any published manuscript over 8 pages will incur extra charges USD45 (IDR 590,000.00) per page
